Trade, consisting of every variety of goods usually kept in a first-class store.We call Special Attention to our Line of  
**AGRICULTURAL IMPLEMENTS.**We will mention only those best known to the trade:  
**Weir Plows, Brown Corn Planters, Studebaker Wagons.**  
With a view to the accommodation of the trade we will keep our stock well  
assorted. Respectfully inviting our friends and customers to call and examine  
our stock, we remain Very Respectfully,

**FORD & SMITH,**  
FOREST CITY, MO.

### Local Jottings.

—For additional local items, see in-  
side.—Rev. Mr. Miller will preach in Or-  
gon next Sabbath morning and even-  
ing.—Can any one tell us of the wherea-  
abouts of W. P. Cotts? We are an-  
xious to interview him.—Professor Hill will deliver lectures  
at Hiawatha, Kansas, on Friday, Satur-  
day and Sunday, the 16th, 17th and 18th  
insts.—Captain Lucas is now the only per-  
son at Forest City who buys cattle and  
grain. He reports business first rate  
and says it pays better than holding  
office.—Elder J. A. Keever and Rev. Mr.  
Miller left on Tuesday to attend the  
session of the Presbytery of the Platte  
at Cameron. They expect to return  
to-day.—We learn from the Rock Port pa-  
pers that Clark Irvine of this city was in  
that place last week, looking after his  
interests as a prospective candidate for  
State Senator.—W. G. McIntyre was down from his  
farm near Craig, shaking hands with his  
old Oregon friends, last Monday. Since  
he became a tiller of the soil he no longer  
has to take a pint of pills a day and is  
in exuberant health and spirits.—Our staunch old friend, Uncle  
Johnny Burdette of St. Joseph, sur-  
prised us by a pleasant visit last Mon-  
day. He came up to pay off the taxes  
and other debts of the Beaumont es-  
tate, in which he is interested by hav-  
ing become security in some way.—Major Soper came up from St. Jo-  
seph last Saturday night to spend the  
Sabbath with his family. He reports  
himself well satisfied with his position  
in the wholesale department of McKin-  
ney, Hundley & Walker, and wants all  
his old mercantile friends to call and  
see him when they come down.—Carefully look over the proceed-  
ings of the Board of Equalization, which  
appears on the inside pages of to-day's  
SENTINEL, and see whether the taxable  
valuation of your real estate has been  
increased. If it has, and you are dis-  
satisfied with the change, note the time  
when the Board will hear appeals, and  
be on hand to have the matter correct-  
ed.—The State Immigration Convention  
assembled in St. Louis on Tuesday and  
is still in session. It is an immense af-  
fair, nearly every county in the State  
being represented, each by several  
delegates. Hon. B. O. Cowan, one of  
the delegates from this county, took  
with him a large box containing sam-  
ples of the soil and productions of Holt  
county.—The most terrific hail storm ever  
witnessed in this part of the State vis-  
ited a portion of Nodaway county two  
weeks ago. The country which most  
severely felt its effects was for a dis-  
tance of five to eight miles northwest,  
and about five miles southwest  
of Maryville. Hail stones measuring  
eighteen inches in circumference and  
weighing one pound were picked up af-  
ter the storm. A great deal of damage  
was done, the destruction of windows  
alone in Maryville amounting to about  
one thousand dollars.—From the report of the proceedings  
of the county court, published else-  
where, it will be seen that Judge Bunge-  
stock has resigned his position as  
member of the Holt County Court. His  
reason for resigning is that he intends to  
be absent from the county nearly all  
summer. We understand a petition is  
in circulation, asking the governor to ap-  
point Bruce Earl of Cowling to the vac-  
ant place; but as we have not been in-  
formed of the intentions of the little  
coterie in this city, which manages the  
Democracy of the county, we cannot  
tell what his chances are.—We have received from Messrs.  
Bicknell & Comstock, 194 Broadway,  
New York, a copy of their Specimen  
Book of One Hundred Architectural  
Designs, showing plans and views of  
suburban houses, cottages, etc. As  
more houses will be built in Northwest  
Missouri this summer than during any  
previous year in its history, this little  
book (which costs only one dollar)  
should have an extensive circulation.  
Costs no more to build a house which  
is pleasing to the sight than it does to  
build one which looks like a barn, and  
this book offers many suggestions  
which will be valuable to all who con-  
template building.—On last Friday Miss Alice L. Heath  
commenced suit against Dr. A. Goslin,  
T. C. Tugan, William Kaucher, Wil-  
liam Hawkins and W. A. Gardner, the  
Board of Directors of the Normal  
School, for \$238.85, being the unpaid  
amount due her for teaching. The  
matter has created considerable talk,  
and the case appears to be somewhat  
complicated. Miss Heath undoubtedly  
ought to have her money. She worked  
for it faithfully and earned it honestly.  
So, also, did Professor Hill, to whom  
the same Board is indebted in the sum  
of \$637. But the members of the Board  
cannot, it is claimed, be held individ-  
ually responsible for its debts, and as there  
are no assets, it looks very much like  
both Miss Heath and Professor Hill  
will have to "whistle" for their money.  
The right and honorable course to pur-  
sue, it seems to us, is for the friends of  
the Normal to raise a purse by volun-  
tary contributions and pay both these  
debts. It seems unjust to hold the  
Board either legally or morally respon-  
sible. They were merely the custodians  
of such funds as came into their hands.  
This was well understood, it is pre-  
sumed, by both Miss Heath and Professor  
Hill. They relied on the sense of hon-  
or of those who were pushing the Nor-  
mal to see that they were paid. They  
ought to be paid and it will be a shame  
if they are not.—Every bee keeper should read the  
advertisement of J. P. Rogers, which  
appears in to-day's SENTINEL.—Twenty-three car loads of cattle  
and hogs were shipped from Bigelow  
in one day last week, among which was  
a bull weighing 2,500 pounds.—Elder D. C. Wetzel will preach in  
the Christian church in this city, next  
Sunday morning and evening.—J. M. Finley commenced teaching  
the Richville school last Monday. He  
will teach a summer term of two-and-a-  
half months, and a winter term, com-  
mencing October 1st, of five-and-a-half  
months.—The attention of the ladies of Or-  
gon and vicinity is directed to the ad-  
vertisement of Curry & Johnson, who  
have a full assortment of articles for  
ladies wear, at their establishment next  
door to the postoffice.—Smith George of Mound City has  
an advertisement in to-day's SENTINEL,  
to which we call attention. Mr. George  
has a fine stock of Hardware, Tinware,  
Stoves and Hollow-ware, which he sells  
at very low figures.—L. P. Graham of Bigelow, in this  
county, owns a calf, fourteen months old  
and weighing 420 pounds, which be-  
came a mother two weeks ago. The  
baby calf is about the size of a lamb  
and is lively and healthy. A great  
many people have called to see them,  
as they are great curiosities.—The Board of Equalization largely  
increased the taxable valuation of the  
lands of K. C. St. J. & C. B. railroad.  
This makes Haines almost happy  
enough to compensate for the loss of  
his pass; and, we may add, the SEN-  
TINEL is not shedding any tears over the  
matter.—A Light Brahma or Plymouth Rock  
hen will lay from ten to twelve dozen  
eggs per year, and consume one bushel  
of food. What can the farmer raise  
that is more profitable than this? Send  
to George W. Pleasant, Wright City,  
Mo., and get a few settings of eggs.  
They will come safely by express  
and hatch out all right. We have tried—Robert M. Key, aged 55 years,  
died at his home five miles north of  
Oregon on Wednesday, April 7th 1880,  
and was buried the next day in the  
Cowan cemetery, the funeral discourse  
being delivered by Rev. Mr. Miller.—Mr. Key came to this country from  
Indiana in 1832 and lived here contin-  
uously until his death. He was a good  
citizen and leaves a very large circle  
of friends to mourn his loss.—Mr. D. P. Dolyns was the recipient  
of a pleasant surprise on Monday eve-  
ning. At an early hour a large number  
of members of the Coterie Club assem-  
bled at his residence and presented him  
with a handsome silver cake basket, bearing  
the following inscription: "To D. P. Do-  
lyn, from the Oregon Coterie Club,  
April 12th 1880." T. S. Hinde made  
the presentation address in a very ap-  
propriate manner, to which the recipi-  
ent fittingly responded.—The attention of the farmers of  
upper Holt is directed to the big adver-  
tisement of W. W. Frazer of Mound  
City, which appears in our to-day's is-  
sue. Mr. Frazer has recently purchased  
the stock of Hardware of John F. Davis  
and now has a full line of articles such  
as are usually found in such an estab-  
lishment. In addition, he has the largest  
and finest assortment of agricultural  
implements to be found in Holt county.  
A list of the machinery he has for sale  
will be found in the advertisement, and  
farmers will find it to their interest to  
read it.—For the past two months we have  
been regularly receiving The Freeman's  
Journal of St. Louis, the organ of the  
colored people of this State. It is  
owned, edited and printed exclusively  
by colored men; is a fine column paper  
(about half the size of the SENTINEL);  
and, at the head of its editorial col-  
umns, carries the following list of  
names: Stanton & Co., proprietors;  
E. L. Barnett, editor; M. T. Tackie  
and J. W. Grant, local editors; L. Clam-  
organ, D. E. Gordon, G. D. Thompson  
and J. O. Farris, reportorial staff.  
With this stunning array of talent it is  
scarcely necessary to say it is one of the  
poorest papers in the country.—Every lover of flowers should send  
to Woolson & Co., Passaic, N. J., for  
their catalogue of Hardy Perennial  
Plants. It is eighty closely printed  
pages, composed of descriptions, with  
prices, of the plants they have for sale.  
These hardy perennials require no  
care in cultivation; all that is neces-  
sary is to set them out in good soil,  
and they reproduce themselves every  
year without further attention. For  
this reason they are highly prized by  
many persons who have not the time  
to attend to less hardy varieties. Then,  
too, the most brilliant and most fragrant  
flowers are to be found among the hardy  
perennials. Read the advertisement in  
another column.—Frank Leslie's Sunday Magazine for  
May is a remarkable number of this al-  
ways entertaining, instructive and ed-  
ifying periodical; and is highly credit-  
able to the talent, carefulness and in-  
dustry of the editor. The 128 quarto pa-  
ges present a vast variety of delightful  
reading, interspersed with all classes  
and calculated to gratify all tastes. There  
are good, solid articles, replete with in-  
formation; essays; serial and short sto-  
ries; adventures; sketches; poems; bi-  
ographies, etc., etc.—all deserving of  
warm commendation and scattered  
throughout are brilliant literary gems.  
The illustrations number probably one  
hundred, and exhibit the best style of  
wood engraving. The price of a single  
copy is only 25 cents; the annual sub-  
scription is \$3; six months, \$1.50; and  
four months, \$1. Address, Frank Leslie's  
Publishing House, 59, 55 & 57 Park  
Place, New York.—Any one wanting a Piano can be  
supplied by the SENTINEL with a good  
brand-new one for One Hundred and  
Seventy-five dollars.—The ladies' society of the Chris-  
tian church, will give a supper at the  
residence of Mr. Hannibal Soper, on  
to-morrow, (Saturday) evening.—An old editor, in an article to people  
who write to newspapers, says "Don't  
write puffs of anybody without endow-  
ing a villain in the letter." It is re-  
markable good advice. If you don't  
know what a villain is, come in and  
we will show you a sample of one about  
the size required.—The SENTINEL makes its appearance  
several hours later than usual this week,  
—the delay being occasioned by having  
to wait for the proceedings of the Board  
of Equalization, which fills the larger  
portion of the inside pages. The Board  
found the work of examining into the  
value of every tract of land very slow  
and tedious, and they could not make  
haste without danger of doing injustice  
to many parties. So, as this is the last  
week allowed by law for making the  
publication, we had to hold the paper  
back until they finished.—The busiest place about Oregon at  
this time is Luckhardt's nursery. He  
is certainly doing a very large business,  
as the long string of wagons, awaiting  
their turn every morning to be loaded  
with trees, amply testifies. Mr. Luck-  
hardt is entitled to be considered a  
public benefactor, as thousands of per-  
sons in the United States, while enjoy-  
ing the fruits received from his nursery,  
will call him blessed. And it is one of  
the most encouraging signs of the Re-  
publican times to see every farmer improv-  
ing his place by setting out good seedlings  
of choice fruit trees. Good, ripe fruit  
is God's own medicine, and the health  
and comfort of every family requires an  
abundance of it.—Is looking over the list of delegates  
to the Sedalia convention, selected by  
the various counties of the State, we  
observe that those counties which are  
hopelessly Democratic almost uni-  
versally choose Grant delegates, while  
counties like Holt, Nodaway and Atchison,  
where the Republicans are in the ascen-  
dancy, generally instruct for Blaine.  
The same is true, to a large degree,  
of the States which have chosen dele-  
gates to Chicago. If a fair expression  
could be had from the Republican  
States which will elect the President  
—there is no doubt, whatever that they  
would be largely against Grant. There  
is something wrong about this. The  
States which are to be depended on to  
elect, ought to dictate the candidate.—Do you want a Parlor Organ? If  
so, here's a chance to get one for less  
money than will ever again be offered  
you. We have the new and fine Wil-  
cox & White Organ Company, Mer-  
iden, Conn., for one of their instruments,  
the retail price of which is \$275.  
We will sell this fine organ for seventy  
dollars, the purchaser to pay, in addi-  
tion, the freight from the manufactory,  
which will probably be five or six dol-  
lars. The instrument is first class and  
is warranted in every respect. The pur-  
chaser need not pay for it until he re-  
ceives it and tries it, and, after trying it  
a few days, if he finds it not satisfactory,  
he need not take it. Now if any lady read-  
er of the SENTINEL has a husband who  
has been promising for years to buy an  
organ for the girls, this is the time to  
make him talk business. There will  
never be another such opportunity to  
get a fine instrument for so small an  
amount of money. For any further  
information call on the editor of the  
SENTINEL.

—Obituary.

Died, at the residence of his daugh-  
ter, Mrs. Minerva Meyer, two miles  
northwest of Oregon, Sunday, April  
11th, 1880. James Curtis, aged eighty-  
one years, 4 months and 25 days. Thus  
passed away one of the old pioneers of  
this State and the last one of the first  
settlers of the Union neighborhood.James Curtis was born in Virginia,  
November 15th 1798. He soon after  
moved with his father into Bourbon  
county, Ky. He afterward moved near  
the city of Indianapolis, where nearly  
all the ground now occupied by the  
magnificent city was but a field of trees,  
stumps and brush, and we heard him  
give many interesting descriptions of  
that place that seem so strange on ac-  
count of the rapid growth and develop-  
ment of the country. He came to Mis-  
souri many years ago and has been  
identified with the interests of this  
county until his death. A man with a  
positive character, he was an uncon-  
quered union man during the dark  
days of the rebellion. A man of char-  
ity, he had no enmity for a conquered  
foe. A man of benevolence, he ex-  
tended a helping hand to all the needy.  
He was a member of the Christian  
church and every one knows how faith-  
ful he was in the performance of all  
duties of his position. Being conscious  
up to the very hour of his death, he  
longed to be released from earth.Elder Gardner preached an eloquent  
discourse at the Christian church in  
this city, after which the remains, fol-  
lowed by a large procession of relatives  
and friends, were conveyed to the  
Union Cemetery, where they were interred  
by the side of his wife, who died one  
year ago.

—Attention Ladies.

Those in need of Millinery goods and  
work of every description will find it to  
their interest to call on the Misses Law-  
rence at their emporium, at Craig.  
They keep the finest stock of goods in  
the county. Dress making a specialty.  
Patterns for all kinds of ladies' wear,  
constantly on hand. Jacob Lawrence  
is agent for the Singer, Howe, Wilson  
and Home Sewing Machines, and can  
be found at this place. Machine sup-  
plies constantly on hand. Sewing  
Machine repairing a specialty.

### OPENING THE CAMPAIGN.

Proceedings of the Republican  
County Convention Last Saturday.The Holt county Republican Mass  
convention assembled at the Court  
House in Oregon, Saturday, the 10th  
inst. The organization was preceded  
by several patriotic airs from the Holt  
County Band.The convention was then called to  
order by Captain E. L. Allen, who  
read the call for the meeting by the  
chairman of the committee.On motion, of James L. Allen, Hon.  
John H. Glenn was chosen chairman of  
the convention.On motion Mr. A. H. Jamison was  
chosen Secretary.The chair announced the business of  
the meeting to be the appointment of  
five delegates to the Republican State  
convention to be held at Sedalia on the  
14th inst.On motion H. H. Livengood, James  
Limbird, J. A. Demuth, L. P. Graham  
and J. H. C. Curtis were chosen as the  
delegates.Mr. Limbird offered the following  
resolution:Resolved, that the delegates from Holt  
county present at the State convention  
cast their vote as a unit, and that their  
vote be for Blaine delegates to the  
Chicago convention.Mr. James L. Allen thought the reso-  
lution well timed. He had been a  
Grant man, but after seeing the at-  
tempt made by Filley and others in the  
State convention to over-ride all opposi-  
tion and pack the State convention  
for Grant he had come to the conclu-  
sion that it was about time the Repub-  
licans of Missouri asserted their inde-  
pendence and put down the "machine."  
If the worst elements of the party are  
to take the lead for Grant it would be  
bad for us to nominate him; hence he  
was for Blaine, although he conceded  
that Grant was a very strong and able  
man.Col. Wilkinson announced himself a  
Blaine man, but was opposed to in-  
structing the delegates. It only offered  
a good excuse for the Grant men to in-  
struct at the State convention. He  
wanted an uninstructed delegation, so  
they would be free to support the strong-  
est man and act for the best interests of  
the entire Republican party.James Limbird was in favor of in-  
structing. He was a Blaine man and  
believed that there was a large majority  
of the Republicans in Holt county for  
Blaine. If the majority were not for  
Blaine then they should have their  
choice. The Grant men were instruct-  
ing wherever they could; why should not  
we?James Doherty was for instructing.  
The Grant men are doing it everywhere  
and if we stand back and a low time to  
run things, we will be beaten. If we  
have the majority let us instruct; if not,  
abide by that.The resolutions were adopted by a  
very large majority.The following resolutions were of-  
fered by Wm. Kaucher:Resolved, that a county central com-  
mittee, to be composed of one member  
from each voting precinct, be appointed  
by this convention, and that, as near  
as may be, the selection of such mem-  
bers of the committee be made by  
those present from the different townships.Resolved further, that the members of  
the county central committee shall be  
the chairmen of their respective Town-  
ship committees and conduct the or-  
ganization of said townships.The resolutions were adopted as  
read, and the committee appointed as  
follows:E. L. Allen, George Weber, East Lewis,  
George Hubbard, West Lewis,  
James Doherty, Nodaway,  
Clay,  
Reuben Downey, Liberty,  
L. P. Graham, Bigelow,  
Col. Wm. Wilkinson, Benton,  
E. L. Allen, Hickory.The convention then adjourned, after  
which the following members of the  
central committee met and organized:  
Capt. E. L. Allen, East Lewis,  
George Hubbard, Nodaway,  
Reuben Downey, Liberty,  
L. P. Graham, Bigelow,  
Col. Wm. Wilkinson, Benton,  
E. L. Allen, Hickory.E. L. Allen was elected chairman and  
George Hubbard, secretary.In behalf of the Republicans of Holt  
county, assembled in Mass Convention,  
at the Court House in Oregon, April  
10th, 1880, we acknowledge our indebted-  
ness for favors kindly shown during  
said convention by the Holt County  
Cornet Band and return thanks there-  
for.E. L. ALLEN, Chairman County Cen-  
tral Committee.

GEORGE HUBBARD, Secretary.

### Mumm, Moss & Co.,

Lumber merchants of St. Joseph, now  
at Mound City, are now receiving Lam-  
ber daily at their yards and offer the  
Whig Valley trade and all others the  
very lowest prices in the county.

### Plants.

Strawberry Plants 50 cents per 100.  
Blackberry Plants, 1.00 per 100.  
Raspberry Plants, 25 cents per 100.  
I have a large stock of some varieties  
and must sell.

J. S. MENEFEE.

### German Millet.

I have placed on sale at the follow-  
ing named places, a fine lot of fresh  
and pure German Millet Seed: At Fra-  
zer's Hardware store, Mound City, Mo.,  
and at the stores of Messrs Hooper and  
Smith & Hunter, Craig, and also at my  
residence. I warrant the seed to be of  
prime quality.J. S. CHAPIN,  
Craig, Mo.

### Mound City.

—Two sermons yesterday, and a full  
attendance at three Sunday schools.—Mr. Pickett, now of Nebraska but a  
former resident of Holt county, is here  
improving some of his town property.—Quite a "hub" hub was raised in  
Mr. Crannell's family on the 5th inst.,  
early in the morning. Weight, guessed  
off at eleven pounds.—Donation party Thursday evening  
at David Wetzel's. Quite a handsome  
supply of eatables and wearables  
among the presents.—Social hop at John Huiatt's Thurs-  
day evening. The title of the city  
turned out to whirl in the mazy dance.  
Professor Cornelius Swank furnished  
the music.—John F. Davis is arranging for a  
trip to the far west. He moved the re-  
mains of his mother and child last week  
from the grave yard at Whig Valley to  
our city cemetery.—We shall soon be able to report  
another wedding from this locality.  
The affair has been carefully concealed  
up to the present. The chromo is  
ready.—Another railroad trouble last week  
that delayed the work several days.  
This hitch in matters grew out of a dis-  
agreement between the Mastin Bros  
sub-contractors and Young & Eaton,  
their principals.—Two deaths since our last: William  
A. Bates and an infant of Mr. Lan-  
don's. Mr. Bates' death was quite  
sudden, his serious illness lasting but a  
few days. Funeral of the latter,  
preached by David Wetzel on Fri-  
day.—Another narrow escape from a dis-  
trictive fire. One of the attaches, a  
half breed Indian, left his pipe Satur-  
day afternoon, on his bed in the third  
story and soon bed and bedding were  
smoldering and just bursting into a  
flame when discovered by one of the  
boarders, who extinguished the fire.—A back load of invalids drove out to  
Mineral Springs on Sunday. By the  
way, is it not about time for another  
high water party out there? Some of  
the matter be neglected. The noble  
art of swimming and high wading  
ought to be encouraged.—Quite an interest was manifested in  
the plow trial last Saturday. Two con-  
testants in the field. The Hagood  
Sulky Plow and the Buford Walking  
Plow. Hagood cut sixteen inches,  
depth seven and one-tenth inches, aver-  
age draft 357 1-2 pounds. The Buford cut  
14 inches, depth 6 7-10 inches, average  
draft 387 1-2 pounds.

FINIS.
